

Q1 FY16 Analyst Presentation

August 13, 2015

SAFE HARBOUR

This presentation contains certain forward looking statements concerning DLF's future business prospects and business profitability, which are subject to a number of risks and uncertainties and the actual results could materially differ from those in such forward looking statements. The risks and uncertainties relating to these statements include, but not limited to, risks and uncertainties, regarding fluctuations in earnings, our ability to manage growth, competition , economic growth in India, ability to attract and retain highly skilled professionals, time and cost over runs on contracts, government policies and actions with respect to investments, fiscal deficits, regulation etc., interest and other fiscal cost generally prevailing in the economy. The company does not undertake to make any announcement in case any of these forward looking statements become materially incorrect in future or update any forward looking statements made from time to time on behalf of the company.

Performance Scorecard

Sl. No.		Target	Achieved YTD FY16
I.	Sales Volume		
	"DLF 5"	1.5 msf/ yr	0.31 msf
	New Gurgaon	2.5 msf/yr	0.0 msf
	National Devco	3.5 msf/yr	(0.17) msf
II.	Leasing		
	Office	1-1.5 msf	0.21 msf
	Malls		
III.	Completion		1.21 msf
IV.	Net Debt		21598 crs
	Rentco (attributable)		14000 crs
	Devco		7598 crs

Macro Outlook..

- Central Government's initiatives on the economy has started to yield results. IIP is at a four month peak of 3.8% and CPI is down to a low of 3.78%. Core sectors such as Roadways, Coal and Power have started to grow. Consensus is that India will grow faster than most large economies of the world. Demand side will get spurred as interest rates start to decline, coupled with growth of incomes.
- Given the macro trends, the probability of RBI reducing the interest rates is increasing. The only spanner is rupee volatility given the devaluation of Chinese Renminbi and increasing of interest rates by the US Fed.
- From sector perspective, the Real Estate industry continues to face head winds. Developers are sitting on half finished projects. Access to liquidity is limited and costs are exorbitant.
 - Given the price at which many of these projects were sold, the developers neither have the capability nor any incentive to finish the projects. Additionally, most of the new locations are plagued with infrastructure deficits resulting in further constraints and low consumer interest
 - Whilst the Government is trying to encourage investments into the sector through policies such as 'Smart Cities'; it will, however, take years for things to play out. More pro-active steps are required, else the stress in the sector would increase.
 - The draft Real Estate Regulatory Bill in the current form, even though well intentioned, will harm the sector. It shall impact consumer adversely in the absence of clear initiative to resolve delays in regulatory approvals. Besides, an additional layer of approvals shall only cause delays in delivery and increase in pricing.

Company Strategy....

- Despite the head winds, the Company has met all stakeholder commitments and government obligations in a timely fashion and remains committed to do so in the future. In lieu of the same, the Company continues to focus on:
 - **Meeting Customer Commitments:** Over 20 msf is expected to be delivered during the next few quarters.
 - **Execution:** Despite muted demand conditions in most micro markets, the Company is focused on execution to create finished product. The Company believes that this is a superior strategy as compared to launching new projects. Once the demand comes back, the Company shall be able to sell completed, finished products.
 - **Create Differentiated Destinations:** Massive infrastructure investments are at an advanced stage which shall only improve the attractiveness of DLF City especially DLF5. Once the road augmentation project gets completed in next 12 months, DLF5 will offer unparalleled lifestyle to the discerning. The Company intends to follow similar strategy in the future in NCR and other cities.
 - **Debt Management:** The Company is fully committed to improving its quality of debt and also to reduce debt attributable to the DevCo. It continues to tap banking or capital markets to access long tenor debt. It is also in dialogue with a few marquee private equity investors at the project level which would reduce DevCo debt, thereby mitigating market risks whilst sharing financial returns
 - The Net Debt attributable to Devco is Rs. 7,598 crore whilst Rs. 14,000 crore is attributable to RentCo.

Company Strategy (Contd)....

- **RentCo Business:** The offices and retail business shall continue to show decent growth. The Company has successfully created a large platform of rental assets. The Company is exploring possibilities of partnering with large, long term investors in order to participate in this growth and create substantial shareholder value. The Company believes that it has created a large platform of rent yielding commercial office and retail assets which is now ready to be partially monetised through sale of equity. This strategy shall allow the Company to sharply reduce debt and also create growth in shareholder value
 - In lieu of the above, the Company is looking forward to begin commercial operation of Mall of India, Noida upon receipt of regulatory approvals. The Company has just initiated development of a 2 msf (approx) office complex in Cyber City Gurgaon
- By end of FY16, the Company is on target to achieve an annuity income of Rs. 2,400 crore & steady state Run Rate Rs 2,700 crore (approx) on an asset base of 30msf (approx).
- With the clarity emerging on the REITs Code and tax applicability, the Committee of Independent Directors are expected to complete their strategic review of the RentCo business and recommend the best path to the Board, not only to resolve the Promoter CCPS issue but also create a 'RentCo' platform in partnership with large, long term investors
- The Company is taking appropriate steps and initiatives to resolve the CCPS issue. We can expect a completion of the process in a short period of time.

Business Segment Performance....

Business Segment Performance – Q1 FY 2016

■ DevCo:

- **0.16 msf sales booking of Rs 1,035 crore booked in Q1FY16 vs 0.38 msf sales of Rs 308 crore in Q1FY15**
 - DLF 5 Gurgaon – 0.31 msf (Rs 1,012 crore)
 - New Gurgaon – 0.02 msf (Rs 20 crore)
 - Delhi / Rest of India – (0.17) msf (Rs 4 crore)

- **Project under Construction : 45 msf**
- **Approx. 1.21 msf handed over during Q1FY16 (Lucknow) vs 1.83 msf during Q1FY15**

■ RentCo:

- **0.21 msf Net leasing during Q1FY16 vs 0.71 msf for Q1FY15**
